MASTER FUND FACT SHEET

TAKAFUL & US

Takaful literally means responsibility, guarantee, collective assurance and mutual undertaking. Broadly speaking, takaful is founded on the mutual assistance (*Ta'awun*) based on principles of mutuality and solidarity, encompassing the elements of joint indemnity and common interest. Takaful is defined under Section 2 of the Islamic Financial Services Act 2013, to mean an arrangement based on mutual assistance under which takaful participants agree to contribute to a common fund providing for mutual financial benefits payable to the takaful participants or their beneficiaries on the occurrence of pre-agreed events.

Depending on the applicable approved Takaful model, participants' contributions shall be channelled into the relevant segregated funds for investments. Our Funds* are solely invested in Shariah-compliant investments, locally and abroad. Each investment is made after taking into consideration the risk and return involved.

Information of the Target Fund

Principal DALI Asia Pacific Equity Growth Fund

Investment Strategy

The Target Fund will invest a minimum of 70% and up to a maximum of 98% of its NAV in Shariah-compliant equities in order to gain long-term capital growth and up to 28% of its NAV in other permissible Shariah-compliant investments. The Target Fund may opt to invest in foreign Shariah-compliant equities up to a maximum of 70% of its NAV. Such foreign Shariah-compliant equities must be securities of companies domiciled in, listed in, and/or having significant operations in countries in Asia Pacific excluding Japan.

‘Significant operations’ means major businesses of the company. For example, the Target Fund can invest in a company with significant business and/or operations in Thailand but listed on the New York Stock Exchange. The threshold for ‘significant operations’ would be if more than 25% of total group revenue derives from countries in Asia Pacific excluding Japan. The calculation would be based on the most recent financial reports released by the companies (e.g. interim and annual reports). Notwithstanding, up to 20% of the Target Fund’s investment in foreign Shariah-compliant equities may be from companies that are listed globally with some operations or businesses within the Asia Pacific excluding Japan region to capture growth opportunities with effect from 16 August 2021.

The Target Fund may also opt to seek investment exposure via Islamic CIS that is in line with the Target Fund’s objective, subject to the requirements of the SC Guidelines. In addition, Islamic liquid assets may be strategically used if the Target Fund Manager feels that the market downside risk is high in the short-term.
