## Monthly Update / Laporan Bulanan Terkini

### Market Review

December did not disappoint for Malaysian equities posting a gain for the month for 11 consecutive years. During the month, news flow was light ahead of the year-end festivities. On the 16 Dec 2025, PM Anwar announced 10 ministerial changes to his Cabinet line-up, with two ministers dropping from the new roster. Among the most notable changes are the appointments of Datuk Seri Johari Abdul Ghani as the new MITI minister, Johor Bahru MP Akmal Nasrullah Mohd Nasir as the new economy minister, as well as Hannah Yeoh as minister in the Prime Minister's Department (Federal Territories). Overall, the number of Cabinet ministers now stands at 32 (including the prime minister), while the number of deputy ministers has increased to 30. This expansion reflects a net increase of one ministerial post via the addition of a dedicated portfolio for Sabah and Sarawak Affairs in the Prime Minister's Department, and one additional deputy minister through the creation of a new Federal Territories deputy role. The FBM Emas Shariah Index closed the month at 12,096.29, up 2.07% mom. The FBM Small Cap Shariah index was up 0.22% for the month but underperformed the FBM Emas Shariah Index.

### Market Outlook

2026 started off with a bang literally, as the US carried out a large scale strike against Venezuela on 3 Jan 2026, which ended with the "capture" of President Nicolas Maduro and his wife, who were flown out of the country. This follows months of the US attacking vessels that the US administration accused were carrying drugs. Investors will be monitoring the developments from this US strike, as it may embolden other countries to take action against another's national sovereignty, without consequence. Domestically, Malaysia welcomed the new year, with Prime Minister Anwar and celebrity Michelle Yeoh launching Visit Malaysia Year 2026 (VMY2026) on 3 Jan 2026, with the aim to attract 47m visitors and generate RM329b in tourism receipts. Malaysia is in a favourable position with relatively stable politics compared to some of our other ASEAN peers. GDP growth expectations for 2026 remain robust with official forecasts at 4-4.5%, whilst many economists expect it to land at the higher end of the range. The economy continues to be supported by the FDI being realized, domestic direct investments, strong construction activities, solid consumption growth and robust tourism activities. Consumption will be aided by another SARA RM100 cash aid in mid-February 2026, for Malaysians 18 years of age and above. 2026 will also be a year of sporting events such as the 2026 FIFA World Cup to be held 11 June – 19 July 2026 in the USA, Canada and Mexico. Commonwealth Games will be held 23 July – 2 Aug in Scotland, and the Asian Games will be held in Japan 19 Sept – 4 Oct. We were optimistic on the outlook for equities in 2026, however, President Trump's strike on Venezuela was a negative surprise and this raises concerns on potential future strikes by the US, which may be a dampener on investor sentiment. Nevertheless, we see any market weakness as opportunities to accumulate fundamentally strong stocks at attractive valuations.

### Fund Review & Strategy

The Fund returned 2.46% for the month, outperforming the benchmark return of 1.12% by 1.34%. Year-to-date, the fund returned 0.50%, underperforming the benchmark return of 0.80% by -0.30%. The outperformance in December was mainly attributed to the underlying Fund's overweight positions in the materials and industrials sectors. For equity, we remain focused on domestic-driven sectors that are more insulated from the tariff risks as well as dividend yielders to anchor the portfolio. We continue to focus on companies where fundamentals remain solid and look for opportunities to buy on weakness for longer term growth. For fixed income, the Fund would look to participate in selected quality issuances for yield pick-up, and trade on market volatility, subject to liquidity constraints.

### Tinjauan Bulanan

Disember tidak mengecewakan ekuiti Malaysia apabila ia mencatat keuntungan pada bulan ini, selama 11 tahun berturut-turut. Sepanjang bulan tinjauan, aliran berita ringan menjelang perayaan akhir tahun. Pada 16 Dis 2025, PM Anwar mengumumkan rombakan 10 menteri dalam barisan Kabinetnya, dengan dua menteri digugurkan daripada senarai baharu. Antara perubahan yang paling ketara ialah pelantikan Datuk Seri Johari Abdul Ghani sebagai menteri MITI yang baharu, Ahli Parlimen Johor Bahru Akmal Nasrullah Mohd Nasir sebagai menteri ekonomi yang baharu, serta Hannah Yeoh sebagai menteri di Jabatan Perdana Menteri (Wilayah Persekutuan). Secara keseluruhan, bilangan menteri Kabinet kini berjumlah 32 (termasuk perdana menteri), manakala bilangan timbalan menteri telah bertambah kepada 30. Pengembangan ini mencerminkan pertambahan satu jawatan menteri melalui penambahan portfolio khusus buat Hal Ehwal Sabah dan Sarawak di Jabatan Perdana Menteri, dan seorang timbalan menteri tambahan melalui pewujudan peranan timbalan Menteri Wilayah Persekutuan yang baharu. Indeks FBM Emas Shariah ditutup pada 12,096.29, naik 2.07% bulan-ke-bulan (MoM). Indeks FBM Small Cap Shariah naik 0.22% pada bulan tersebut, mengatasi Indeks FBM Emas Shariah.

### Gambaran Bulanan

Tahun 2026 bermula dengan dentuman yang hebat, apabila AS memulakan serangan besar-besaran terhadap Venezuela pada 3 Januari 2026, yang berakhir dengan "penangkapan" Presiden Nicolas Maduro dan isterinya, yang diterbangkan keluar dari negara itu. Ia disusuli dengan serangan AS selama berbulan-bulan ke atas kapal-kapal yang dituduh oleh pentadbiran AS mengangkut dadah. Pelabur akan mengikut rapat perkembangan serangan AS ini, kerana ia mungkin akan menggalakkan negara lain untuk mengambil tindakan terhadap kedaulatan satu-satu negara, tanpa sebarang akibat. Di dalam negara, Malaysia menyambut tahun baharu dengan Perdana Menteri Anwar dan selebriti Michelle Yeoh melancarkan program Tahun Melawat Malaysia 2026 (VMY2026) pada 3 Januari 2026, dengan matlamat untuk menarik 47 juta pelawat dan menjana pendapatan pelancongan sebanyak RM329 bilion. Malaysia berada dalam kedudukan yang baik dengan politik yang agak stabil berbanding beberapa buah negara ASEAN yang lain. Jangkaan pertumbuhan KDNK bagi tahun 2026 masih kukuh dengan ramalan rasmi pada 4-4.5%, manakala ramai ahli ekonomi menjangkakan ia akan berada pada julat yang lebih tinggi. Ekonomi terus disokong oleh kemasukan FDI, pelaburan langsung domestik, aktiviti pembinaan yang rancak, pertumbuhan penggunaan yang kukuh dan aktiviti pelancongan yang mantap. Penggunaan akan dibantu oleh satu lagi bantuan tunai SARA RM100 pada pertengahan Februari 2026, buat rakyat Malaysia berumur 18 tahun ke atas. 2026 juga akan menjadi tahun acara sukan seperti Piala Dunia FIFA 2026 yang akan berlangsung pada 11 Jun – 19 Julai 2026 di Amerika Syarikat, Kanada dan Mexico. Sukan Komanwel akan diadakan pada 23 Julai – 2 Ogos di Scotland, manakala Sukan Asia akan diadakan di Jepun pada 19 Sept – 4 Okt. Kami berpandangan optimistik terhadap prospek ekuiti bagi tahun 2026, namun serangan Presiden Trump ke atas Venezuela suatu kejutan negatif lalu menimbulkan kebimbangan mengenai kebarangkalian AS akan menyerang lagi, yang mungkin menjejaskan sentimen pelabur. Walau bagaimanapun, kami melihat apa-apa kelemahan pasaran sebagai peluang untuk mengumpul stok yang berbasik kukuh pada penilaian yang menarik.

### Tinjauan dan Strategi Dana

Dana menjana pulangan 2.46% pada bulan ini, mengatasi pulangan penanda aras 1.12% dengan perbezaan 1.34%. Sejak awal tahun sehingga bulan tinjauan, Dana mengembalikan 0.50%, tidak mengatasi pulangan penanda aras 0.80% dengan perbezaan -0.30%. Prestasi baik pada bulan Disember terutamanya disebabkan oleh kedudukan pegangan berlebihan pendasar Dana dalam sektor bahan dan perindustrian. Meninjau ekuiti, kami kekal fokus pada sektor dipacu domestik yang lebih terlindung daripada risiko tarif dan penghasilan dividen untuk mengukuhkan portfolio. Kami terus fokus pada syarikat yang asasannya tetap kukuh dan mencari peluang untuk membeli di atas kelemahan bagi pertumbuhan jangka panjang. Menyorot pendapatan tetap, Dana akan mempertimbangkan untuk mengambil bahagian dalam terbitan berkualiti terpilih bagi pertambahan hasil, dan berdagang berdasarkan volatiliti pasaran, tertakluk kepada kekangan mudah tunai.
