WHAT IS TAKAFUL?

An arrangement based on mutual assistance under which takaful participants agree to contribute to a common fund providing for mutual financial benefits payable to the takaful participants or their beneficiaries on the occurrence of pre-agreed events.

Section 2(1) of the Islamic Financial Services Act 2013

Takaful is derived from Arabic word *'kafala'* which means "Joint guarantee" or Guaranteeing each other.

Takaful literally means responsibility, guarantee, collective assurance and mutual undertaking. Broadly speaking, takaful is founded on the cooperative arrangement (*Ta`awun*) based on principles of mutuality and solidarity, encompassing the elements of joint indemnity and common interest.

There are three (3) aspects of mutuality embodied in takaful, namely mutual help/ assistance, mutual responsibility and mutual protection. When a person participates in a takaful scheme, he does not only seek protection for himself but also jointly cooperate with other participants to mutually contribute to one another in case of need.
