1. **This is a takaful product that is tied to the performance of the underlying assets and is not a pure investment product, such as unit trusts.**
2. This brochure does not form a contract between you and Prudential BSN Takaful Berhad (PruBSN). For more details on this plan and its optional benefits, please refer to Product Illustration, Product Disclosure Sheet and Fund Fact Sheet before participating in the plan and to refer to the terms and conditions in the certificate document.
3. The returns from your PUA and IUA, if any, will be based on the actual performance of the funds and are not guaranteed.
4. The risk of investment is borne solely by you and the benefits may be less than your total contributions paid.
5. **PruBSN Asas360** is premised on a mutual assistance (*Ta`awun*) arrangement where a portion of your contribution is deducted and pooled into the *Tabarru`* Fund together with the contribution of other participants to provide for mutual financial benefits payable to all eligible takaful participants on the occurrence of covered events. Based on the *Wakalah bi al-ujrah* principles, PruBSN will manage your takaful plan in return for the *Wakalah* charges stated above. The takaful protection comes from the *Tabarru`* Fund.
6. You are entitled to receive any distributable surplus from the *Tabarru`* Fund inclusive of investment profit (if any). Together with other participants, you are entitled to 50% of the surplus and PruBSN will receive the balance of 50% as performance fee for managing the *Tabarru`* Fund. The exact amount of distributable surplus will be determined annually and is subject to approval by both the Shariah Committee and the Board of Directors of PruBSN.
7. You should continue paying your contributions regularly until the maturity of your plan to ensure the covered person is fully protected under the plan at all times. Failing to do so may cease the plan coverage prematurely.
8. If you cease or not paying contributions, the plan coverage might lapse prematurely. Your certificate will lapse if the amount in PUA and/or IUA is not enough to pay for the *Tabarru`* deduction and other charges.
9. The contribution, *Tabarru`* deduction, and other charges are not guaranteed. PruBSN may revise the contribution, *Tabarru`* deduction, and/or other charges by giving 90 days written notice (except for medical and critical illness benefits, if any, where 30 days notice will be provided). Should there be an increase in *Tabarru`* deduction and other charges, you may be required to pay additional contributions.

10. Contributor benefits will assist in the payment of total contribution upon death (if applicable), TPD or critical illness of yourself or your family members, where applicable, during the contribution payment term of the certificate and the amount of benefit is as set out in the certificate document. In the event of contribution or charges revision affecting total contribution in the future, you are expected to pay an additional top-up contribution(s) to ensure the PUA and IUA values are sustainable throughout the certificate term.
