WHAT IS TAKAFUL?

An arrangement based on mutual assistance under which takaful participants agree to contribute to a common fund providing for mutual financial benefits payable to the takaful participants or their beneficiaries on the occurrence of pre-agreed events.

Section 2(1) of the Islamic Financial Services Act 2013

Takaful is derived from Arabic word 'kafala' which means **"Joint guarantee" or guaranteeing each other.**

Takaful literally means responsibility, guarantee, collective assurance and mutual undertaking. Broadly speaking, takaful is founded on the cooperative arrangement (*Ta`awun*) based on principles of mutuality and solidarity, encompassing the elements of joint indemnity and common interest.

There are three (3) aspects of mutuality embodied in takaful, namely mutual help/assistance, mutual responsibility and mutual protection.

When a person participates in a takaful scheme, he does not only seek protection for himself but also jointly cooperate with other participants to mutually contribute to one another in case of need.

/// **MUTUAL ASSISTANCE** ///

/// **MUTUAL PROTECTION FROM LOSSES** ///

/// **MUTUAL RESPONSIBILITY** ///

In essence, takaful is based on the principle of **"Ta`awun"** (mutual cooperation /assistance) as such the act of participation is **Tabarru`at (charitable) in nature.**
